

Healthy Tasmania Neighbour Day Challenge 2021

The theme for Neighbour Day 2021, is Every day is Neighbour Day – building on the growing movement of people taking neighbourly actions every day of the year.

Neighbour Day on Sunday 28 March 2021 is a chance to celebrate community and encourage people to connect with their neighbours.

Get involved in Neighbour Day 2021 to raise awareness of the importance of social connection and neighbourly actions throughout the year.

Neighbours matter (being near, far, or online), and now more than ever is the time to make creative connections and stay connected.

Check out the [Neighbour Day website](#) for ideas and resources to help organise an event in your community.

Your event can be as simple or as wide-reaching as you like!

By hosting or attending an event you're helping to create social connections that not only make people feel better but help prevent loneliness, isolation and depression.

We strongly recommend partnering with Councils, community organisations or other community groups.

The Healthy Tasmania Neighbour Day Challenge encourages everyone to get creative, reach out and connect with your neighbours.
